

**Таблица по замеру нагрузок подстанций в филиале "Краснодарэлектросеть"  
в течение IV квартала 2021г.**

| № п/п | Номер подстанции | Питающий центр                       | Класс напряжения (ВН/НН), кВ | Мощность установленно го трансформатора, кВА | Текущая нагрузка трансформатора, кВА | Процент загрузки трансформатора, % | Мощность по заявкам на ТП, кВт | Свободная мощность для технологического присоединения, кВт |
|-------|------------------|--------------------------------------|------------------------------|--|--------------------------------------|------------------------------------|--------------------------------|--|
